Planting Seeds, Passing Stories Program Overview

10.00 am - Gathering

Buses leave from the school entrance.

10.15 am - Introduction

Buses arrive the planting area. There is a small introduction about the workshop, how the program will be, the importance of Tomato and its meaning on Napoli Culture.

10.30 am - Hands-On Tomato Activity

Participants get their special gardening bags.

Children's bag: Simplified tools (shovel, rake), gloves, hat, apron, fertilizer, seed pocket, name tags, plant diary.

Elderly bag: Advanced tools (hoe, watering can), gloves, hat, apron, fertilizer, instructional booklet.

After getting their bags, the teams disperse to the area.

1. Hoe and clean the planting area.
2. Collect harmful plants for composting.
3. Dig a hole to plant seeds.
4. Plant the seeds.
5. Add the nutritions to the hole that comes from the bag.
6. Fill the hole with soil and press down to compress.
7. Water the plant.
8. Place the markings to mark the plant area.

11.30 am - Regathering and leave

Participants come to the gathering area and take a group photo. After that, they get on the bus and go back to school.
