

i want to talk about myself

Hello, i'm Domenico Cimmino and i'm 25 years old.

i'm from Villaricca, Naples.

I'm a student of public business and communication at the suor orsola benincasa university, in naples.

About myself, i'm a very sociable and outgoing person.

I like to talk about current topics, watch films, take photo and listen to music too.

But i have many major flows:

At first, I am a very very distracted person.

At the second, i talk a lot.

When i am listening to music, i generally don't take attention to the world around and it is beautiful but so dangerous too.

My favourite musical genre is pop/rap, but i like the italian music too.

My favourite singer is the italian Marco Mengoni.
