

NAPOLI

Bassi

Welcome!

We are extremely happy that you are here, visiting the **Bassi of Napoli**.

This project was developed to help you *fully experience our culture* and visit all the greatest places here.

Please, keep in mind that this is part of our home, and there are people living in those houses.

We encourage you to emerge in the culture and *talk to them*. Here are some tips:

“Uèuè” = Hello

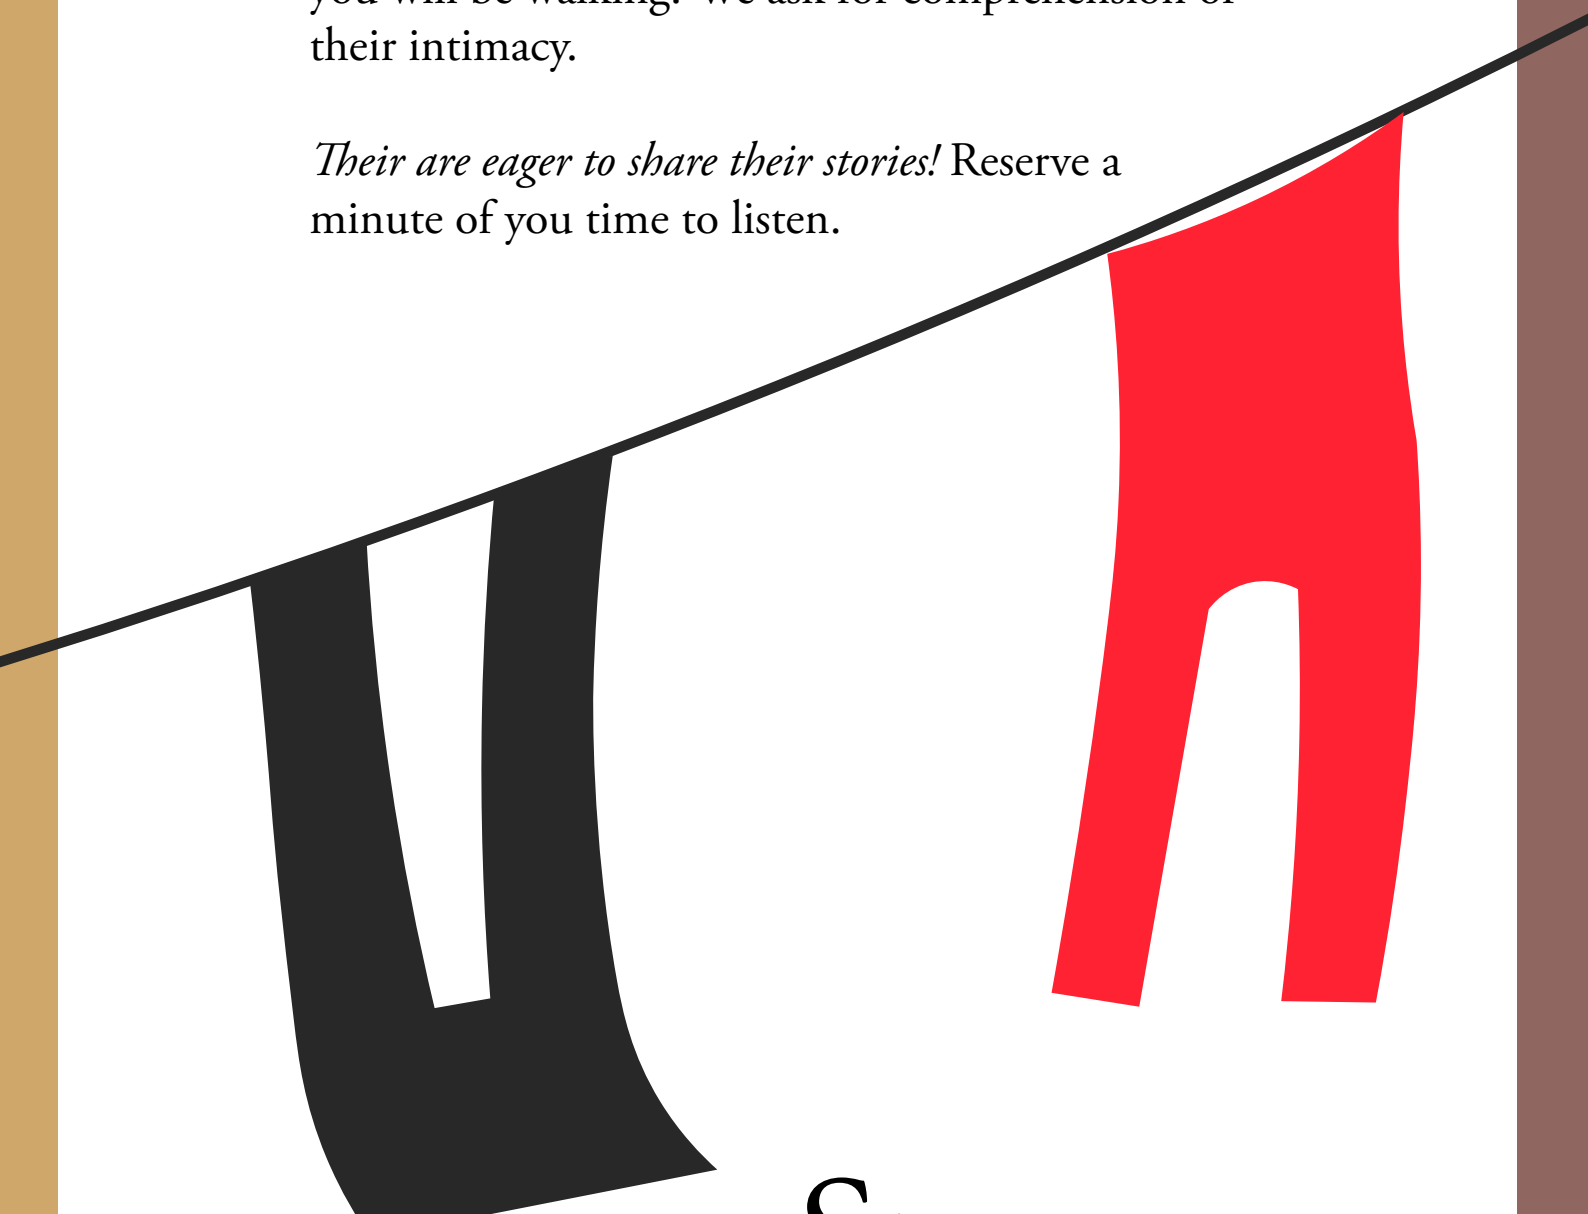

“È stat nu piacer” = Nice to meet you

“Grazj Assaj” = Thank you very much

“Na bella cas” = Lovely house

Here, you will find many elderly people enjoyng their days on the street, by their frontyard, where you will be walking. We ask for comprehension of their intimacy.

Their are eager to share their stories! Reserve a minute of you time to listen.
